## Objectives for the Week \*

*(What did you plan to achieve this week?)*

Get run Dlib and get dots on a face.

## Accomplishments \*

*(List the tasks you've completed and the milestones you've reached this week.)*

Set up a virtual environment (sorry Seward). Trying to get all the requirements for dlib set up on it. Factory reset my laptop

## Challenges and Obstacles \*

*(Describe any challenges or obstacles you faced this week and how you addressed them.)*

Learning how a virtual machine works and/or how to navigate the terminal

**Resources Used** \*

*(List any significant resources, such as articles, tools, libraries, or consultations.)*

N/a

**Next Week's Objectives** \*

*(List the goals you have set for the upcoming week.)*

So long as by the end of this week dots are on faces, I'm going to start the brute force training process of giving the AI. A simpler test might need to be done before this.

**Feedback Required**

*(Is there anything specific you'd like feedback on?)*

Your answer

**Additional Notes/Comments**

*(Any other information you think is important to share about your progress, insights, or adjustments to your project plan.)*

Your answer

A copy of your responses will be emailed to [nkungad24@asmsa.org](mailto:nkungad24@asmsa.org).
